

Good afternoon, I hope this email finds everyone well.

This year has been a unique experience in the operation of the club. With the new government shut downs effective December 26, 2020 through till January 26, 2021, we are permitted to be open. In saying that all COVID-19 protocol must be followed set out by the provincial and federal health units. This means that masks must be worn when attending the club, no social gatherings, no guess outside of your household are permitted. The club will be classified as use at your own risk, surfaces are not wipe down, the clubhouse and training trailer are off-limits to all members.

Because we were unable to have an open AGM in September the board was held over, this has happened provincewide at other clubs. We are hoping that come September 2021 we will be able to conduct a proper AGM with members attending, but unfortunately, we will have to see what happens in the future. At this time our club is allowed to continue to operate as per our health unit and federal and provincial guidelines. I'd like to thank the board members for doing a fantastic job through these challenging times.

Health and prosperity to all members in the up-and-coming year, please stay safe.

If you have any questions or concerns you can email myself at president.nprc@gmail.com and I will respond to you.
