## RANGE PROCEDURES 2017

Procedures to follow when a member first arrives at the range entry gate on county road 2.  
Flip the range open sign down before opening the gate.  
Once parked, and before entering through the swing gate, flip down the range open sign.

Sign in. Turn on hydro, confirm that the range light is **RED**. (range is live)  
Proceed to a shooting station and place firearm / ammo case at a shooting station.  
(DO NOT OPEN EITHER CASE)  
Proceed to Raise flag.  
If rifle shooting, place **RED** pole flag on holder outside of rifle hut.

Change light to **GREEN** . (range is safe)  
Open gate to range and check ground for debris, place a paper target if required.  
During Spring and Summer months also check for the farmer by observing from atop the berm.  
When completed, close gate and secure.

Change range light sign to **RED**. (range is live).  
Uncase firearm and follow safety rules and regulations before loading and firing.  
Using proper hearing protection and safety glasses etc.  
All of the above to be performed in reverse if still alone and leaving.
